ROBINSON'S SUPER SERVICE

There is no delay when you buy at ROBINSON'S. Hundreds of orders are packed and shipped the same day they are received. Never before have we been so well equipped to operate smoothly and efficiently—to give your largest as well as your slightest order our immediate and careful attention. **WHEN YOU BUY AT ROBINSON'S, YOU ARE ASSURED OF SAVINGS, SERVICE AND SATISFACTION.**

OUR BUSINESS POLICY

- 1.—To give you the greatest wall paper values.
- 2.—To give you the speediest service possible.
- 3.—To protect you with our money-back guarantee.
- 4.—To pay the postage on all orders.

It is our purpose to serve you and to serve you well, and with this thought in mind, we look forward with keen interest to receiving your order, for we see beyond the small immediate profit, the beginning or the continuance of another of those warm friendships on which this business has been built.

IMPORTANT INFORMATION

We believe we have made ample preparation to fill all orders as you send them to us, and with reasonable promptness, and it will be our purpose to maintain the prices quoted in this catalog. However, if circumstances prevent this, it may be necessary on some items to refuse to deliver your order, substitute materials, or ask for a higher price. Should it be necessary to change the prices, we will advise you before shipping, and you can make additional remittance or instruct us in accordance with your wishes. You are, of course, protected on all your purchases by our "money-back" guarantee. We shall do everything possible to serve you to your entire satisfaction.

HOW TO BUY

Purchasing wall paper by mail has proven the most satisfactory method of buying, as thousands of our satisfied customers can testify. Have you ever stopped to think how convenient it really is, to take our large sample book and sit down in the quietness of your own home, and select your wall papers at your leisure, taking your own time, comparing the various patterns with your furnishings, getting the opinion of various members of your family—seeing the colors by artificial as well as day light—paper delivered to your door postpaid—all without hurry or being influenced in any way. We have mentioned only a few of the advantages of buying GOLDEN RULE WALL PAPERS, from our sample book in your own home—it is the ideal way. Try it.

SEEING IS BELIEVING

Actual samples and prices are before you—examine them carefully, critically; their quality, beauty, and value speak for themselves—they are our only salesmen. People are shrewd buyers these days. When they spend their money, they want value—they want quality. How about you? Don't you want YOUR money to go further? All right. Here's your opportunity to make a worth while saving—buy your wall papers from ROBINSON'S and receive definitely MORE for your money. Every item in this catalog measures up to the test of desirability and reliable quality.

USE ON CEILINGS OR SIDEWALLS FOR ALL ROOMS

THIS IS NOT A STRIPED PAPER. We are showing on this one sample five beautiful colors of a plain, fabric-effect wall paper. Each color has a number of its own and is listed at the bottom of this page. Plain tints of this type are increasing in popularity and are well suited for every room in the home. The modern way of using these plain tints is to use one color for the sidewalls and a contrasting color for the ceiling. In this way many beautiful and unusual effects may be had.

The regular ceiling is white, and for each coloring we have designed a special 2 inch band border, perfectly matched.

This plain fabric-effect may also be had in white, and it is shown on the sample but the number is listed on this page.

We are featuring here a brand-new weave pattern which we highly recommend for use in offices, dens, churches, schools, as well as living rooms, dining rooms and halls. It is a very pleasing pattern with a nice soft coloring that will make an excellent background for all types of furnishings. You are sure of something especially nice if you select this DE LUXE WEAVE for one of your rooms.

The band border is $2\frac{1}{2}$ inches wide and the embossed ceiling is white.

KNOTTY PINE

DEN, LIBRARY, OFFICE OR STOREROOM

We have had many requests for a wood pattern in both light and dark oak finish. After considering many wood-effects, we have selected this particular design as the best. It is a superb quality and will give the desired richness to any room you would like decorated in KNOTTY PINE. The sample shown is a light oak finish. If you prefer the dark oak, be sure to order by the correct numbers listed at the bottom of the page.
MAY BE USED ON CEILING AS WELL AS SIDEWALL.

The border is of a wood molding type and is 2 $\frac{1}{4}$ inches wide, and the regular ceiling is embossed and a light ivory color.

COLORED CEILINGS

The five beautifully colored ceilings displayed here are the very latest in ceiling decorations. We suggest their use in various ways. For example, use the yellow color with a green wall, or the blue ceiling with a peach wall, etc. If you should desire to use these ceilings for sidewalls, it would be very proper to do so.

We can supply band borders at 6¢ a yard to match any color combination you might choose.

HOW TO SEND MONEY:

When you order, we prefer that you send Money Order or check. If this is not convenient and you wish your order sent C.O.D., we will pay all postage, but the extra C.O.D. and Money Order fees which the Post Office charges will be added to the cost of your goods.

BY USING THE CHART TO THE RIGHT it is easy for you to determine the amount of wall paper you need. First, using a yardstick, tape measure, or ruler, find the distance around the room in feet. Then measure the height of your room from the floor or the top of the baseboard to the ceiling or moulding, as the case may be. Using these figures, refer to the table on this page to find the number of rolls you need for your room. For example, if you have found the distance around the room to be 48 feet, and the height 9 feet, look down the first column, which is for "distance around room in feet," until you reach 48, then go across to the column on the top of which is the height of your room. Deduct a single roll of sidewall for every two openings. Continuing across the table on the same line until you reach the column "yards of border," and next to it, "single rolls of ceiling" you will find that this room will require 6 single rolls of ceiling and 17 yards of border.

SEMI-TRIMMED WALL PAPER

All the wall papers in this catalog are semi-trimmed, and for those of our customers who are not familiar with semi-trimmed wall paper, we are giving the following information:

Cut your strips to the required length, and after they have been pasted and folded, it is then very simple to pull off this perforated edge. Do not attempt to pull off the edge before the strip has been pasted, as it will not tear off so well when dry, but after it has been pasted, can be removed with very little effort. This saves getting any paste on the edge of the strip and gives you a very neat job. However, if you prefer to trim your own wall paper, just ignore the semi-trimming and proceed as usual.

ON RETURNING GOODS:

We suggest that you keep for patching, or for use in dresser drawers, on shelves, etc., any small amounts of wall paper you might have left over. We will be glad, upon request, to refund your money or make exchange on any quantity of sidewall or ceiling that you feel is worth while returning. Small lots of border are not returnable and only complete rooms of border will be accepted for credit.
